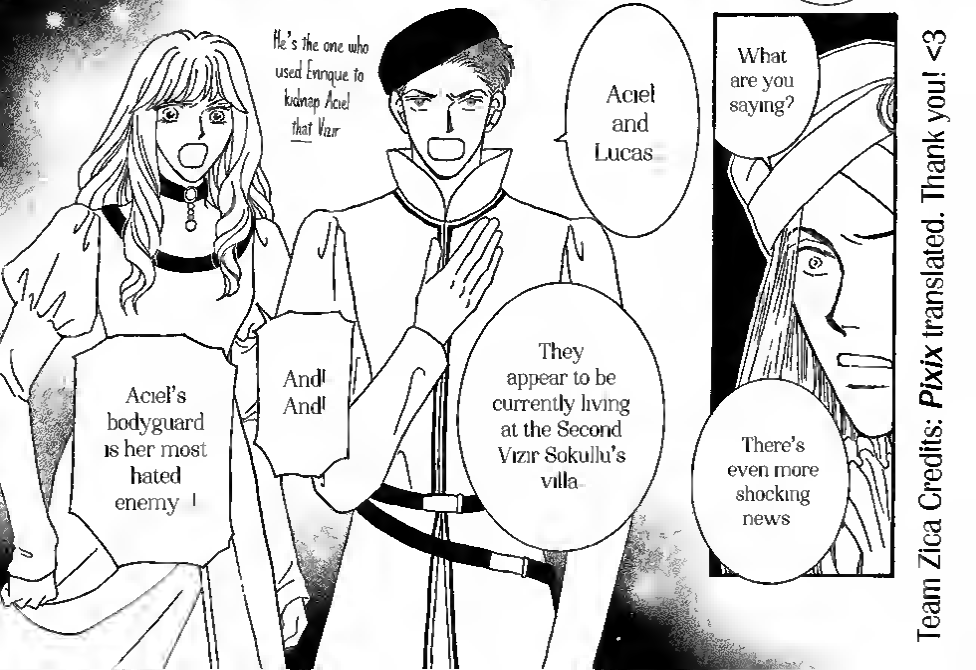
170 for me!
I put in 150!
All in one hundred!
Ah?
What sort of nonsense are you spouting?

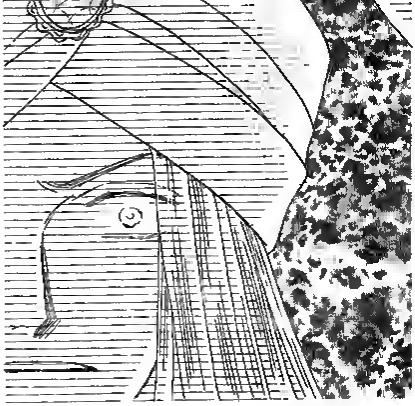
Is too expensive...
That.
Well...
I will not make business with that sort of people!
Go back!
Those who don't understand the value of art,
(*) is about 10,000,000 yens
HA! BWA!
HA!
That's great! We managed to earn 3000 plus ducats!
I AM TRULY A GENIUS MERCHANT!
Hercules is incredible.
It's totally fake
Even the Turkish businessmen who are experts of the marketplace fell for it
It would be too cheap to have each one sold for about a hundred plus ducats!
30 ancient statutes from Rome,
Are you people truly experienced art dealers or just entered in this business?

We have news!
BAM!
Superior Hercules ! no Master!
Just as I was earning some money.
Is apparently in the Emperor Sulaiman's palace!
Bad news: Lord Daniel,
How quick! Loue Rene, Lorenzo



He's the one who used Enrique to kidnap Aciel that Vizir
Aciel and Lucas
What are you saying?
Aciel's bodyguard is her most hated enemy !
And! And!
They appear to be currently living at the Second Vizir Sokullu's villa
There's even more shocking news

Team Zica Credits: ***Pixix*** translated. Thank you! <3



Dragut Reis, the pirate!

What is going on?

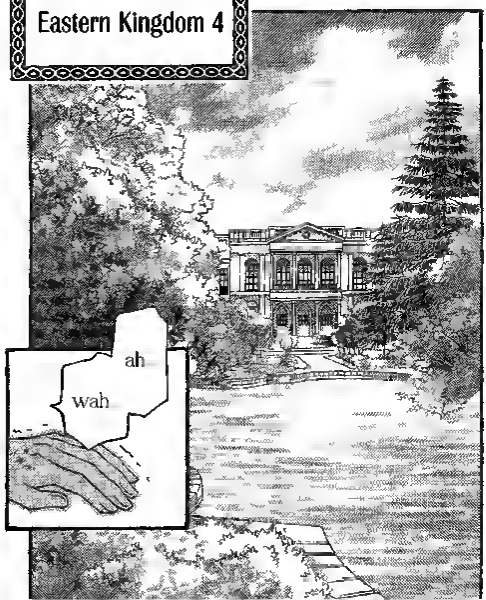
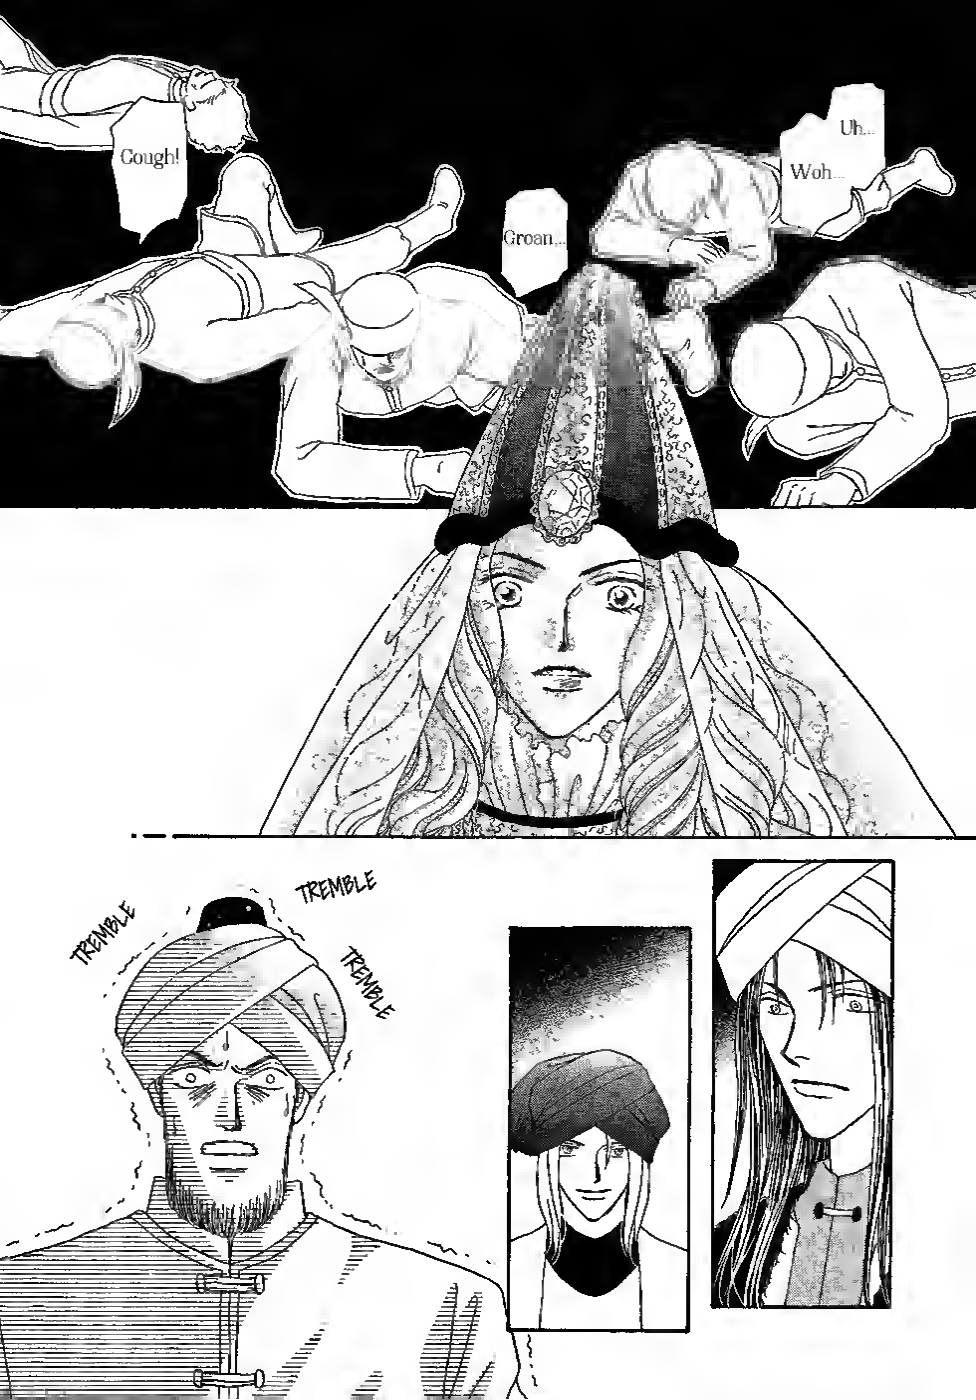
Eastern Kingdom 4



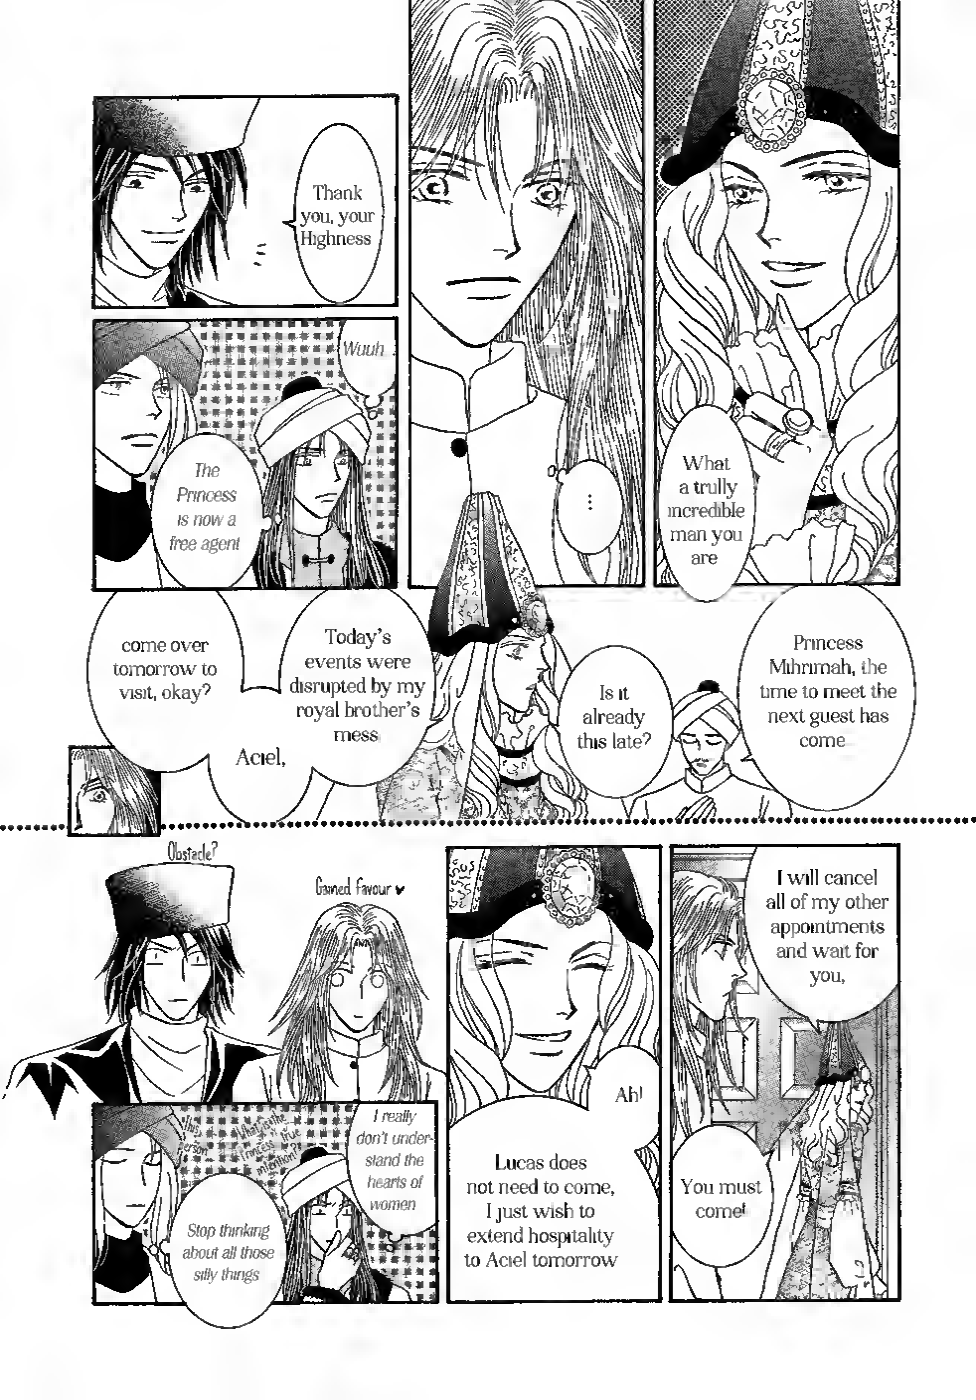


Cough!
Groan...
Uh...
Woh...
TREMBLE
TREMBLE
TREMBLE

I think your subordinates have all been eliminated, Your Highness Crown Prince.
Do you still wish to continue?

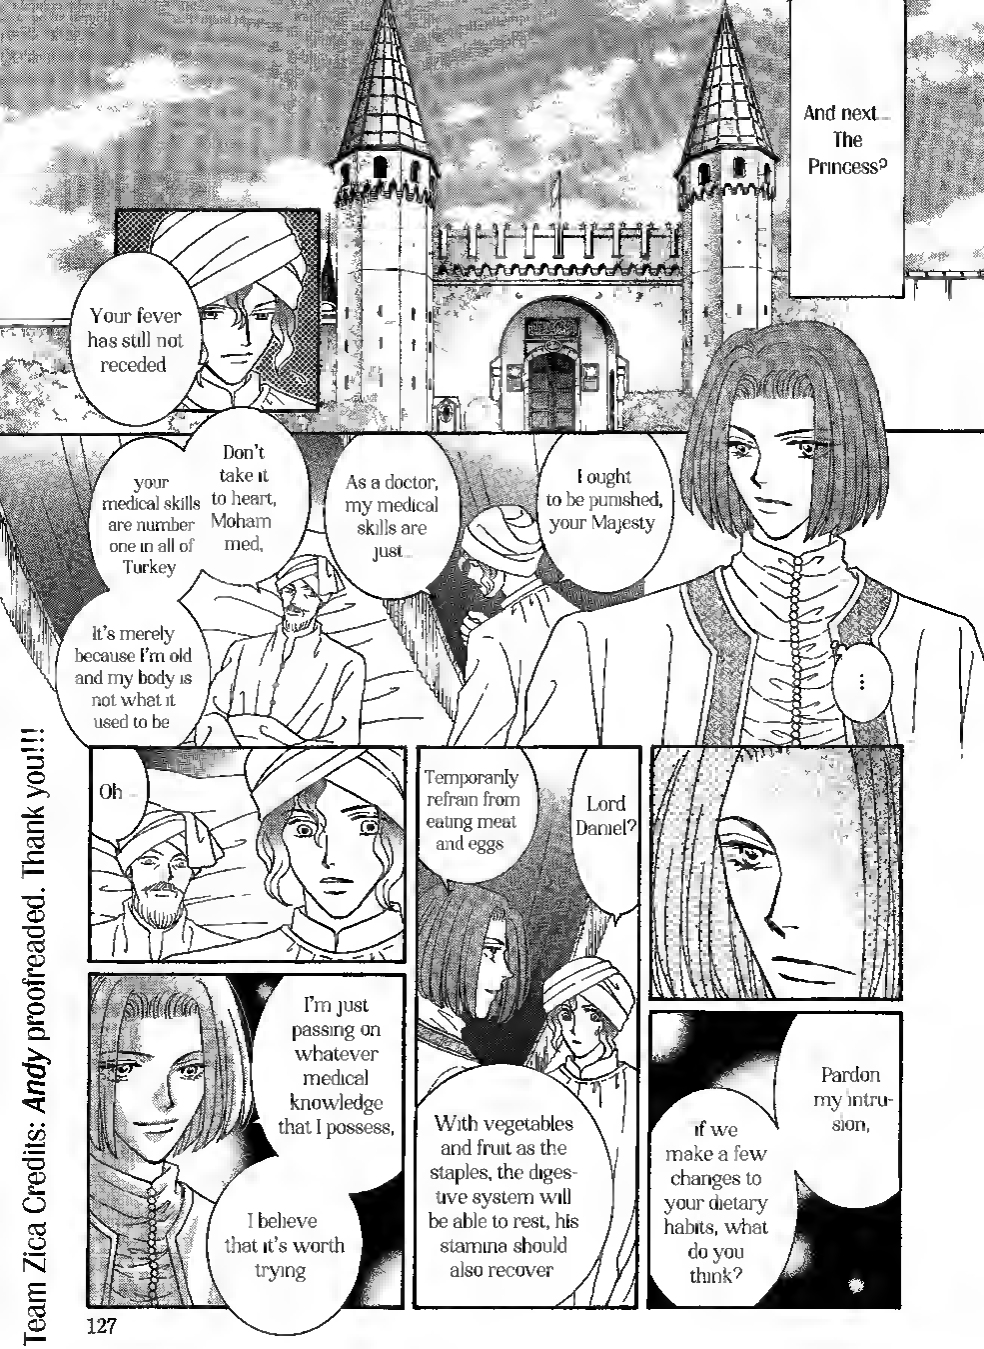
To have come up against these barehanded adversaries, and to be defeated so thoroughly,
the quality of your Royal Guard these days is just downright poor
My royal brother
TREMBLE
TREMBLE
Rest assured I will immediately look into a new training program for them
Yes,
of course, Mihrimah
My royal brother, can you do this as a favour for me?
You must quickly retrain them and look into the quality of their training
STEP STEP STEP
BASTARDS! ALL OF YOU GET UP AT ONCE! GET OUT AND TRAIN!
FASTER!! GET UP!! GET UP!!
STEP STEP STEP
You have completely humiliated the crown prince,
Aciel

KISS
But,
It was all for me, thank you
I love you ♡
It was my honour, my princess
Another lady's heart has been mercilessly stolen
Oh
And it's a notable person, no less
Hmm
The Maltese Knight has conquered the Turkish Princess
And,
Knight Lucas,
your fighting skills have impressed me
According to Dragut, you are a particularly famous doctor I would never have imagined your martial skills to be top notch as well
I am honored that you think so, princess



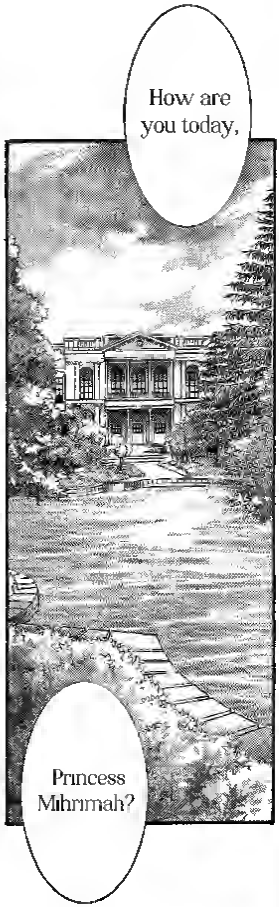
Thank you, your Highness
Wuuh
The Princess is now a free agent
What a trully incredible man you are
Princess Mihrimah, the time to meet the next guest has come
Is it already this late?
Today's events were disrupted by my royal brother's mess
Aciel,
come over tomorrow to visit, okay?
Obstacle?
Gained Favour
I really don't understand the hearts of women
Stop thinking about all those silly things
Ah!
Lucas does not need to come, I just wish to extend hospitality to Aciel tomorrow
I will cancel all of my other appointments and wait for you,
You must come!

In the after noon, I'll bring the both of you for some sightseeing, alright?
We have lots of time to spare.
Why not make some interesting memories in Turkey!
Alright!
Ah? Really?
Of course.
Can we also go look at the inside of a mosque?
These two are just so naive and romantic, aren't they?
I didn't think that we would be allowed inside.
How lucky, Lucas
We have agreed that after the return of the hostage, we will engage in one final duel.
Anyway it's still 9 days to the day when we see Lord Daniel
Firstly,
I have to kill the one who is deeply in love with the Princess.



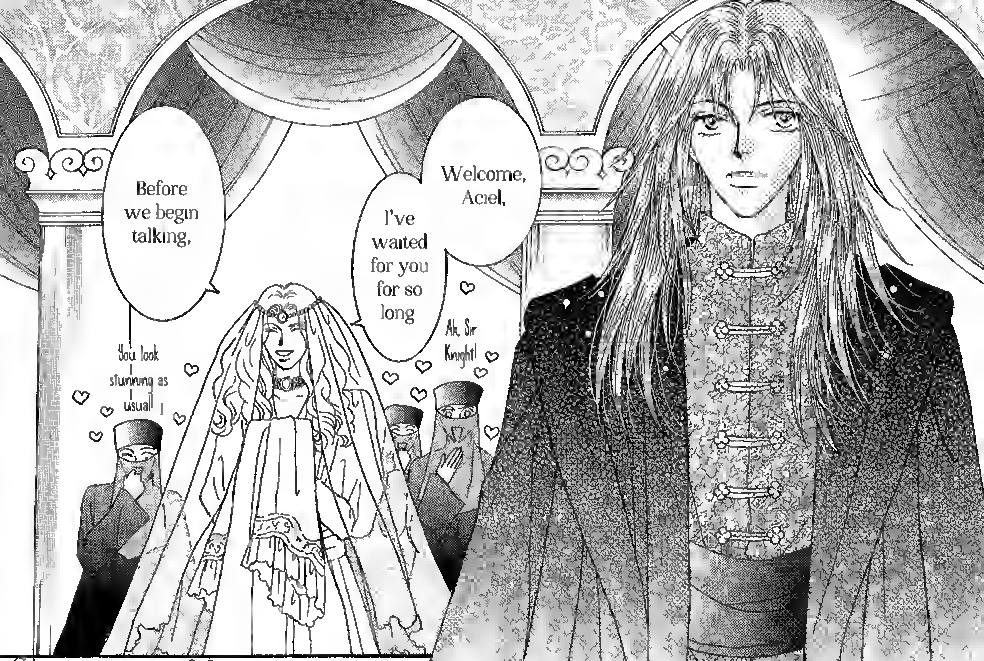
And next... The Princess?
Your fever has still not receded
Don't take it to heart, Moham med,
your medical skills are number one in all of Turkey
It's merely because I'm old and my body is not what it used to be
As a doctor, my medical skills are just...
I ought to be punished, your Majesty
...
Oh...
Lord Daniel?
Temporarily refrain from eating meat and eggs
With vegetables and fruit as the staples, the digestive system will be able to rest, his stamina should also recover
Pardon my intrusion,
if we make a few changes to your dietary habits, what do you think?
I'm just passing on whatever medical knowledge that I possess,
I believe that it's worth trying

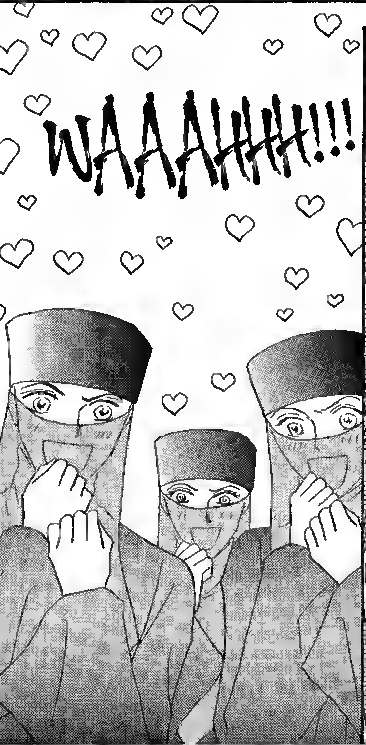
Team Zica Credits: *Andy* proofreaded. Thank you!!!

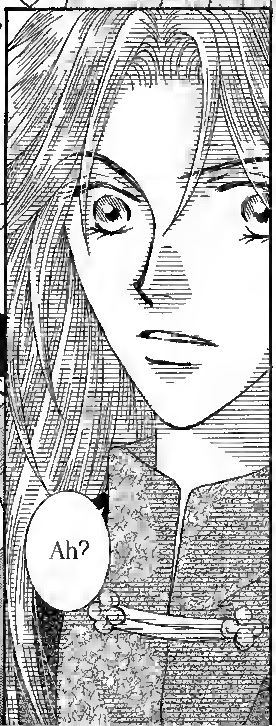


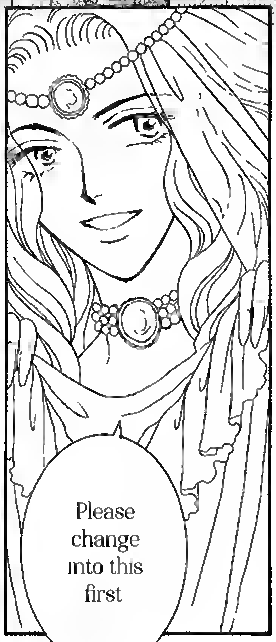
How are you today,
Princess Mihrimah?

In that case...
The one who I'm jealous of,
the doctor who possesses the hands of God...
That's the Great Maltese Doctor?
It was that doctor who managed to save you when you were on the brink of death?
Yes

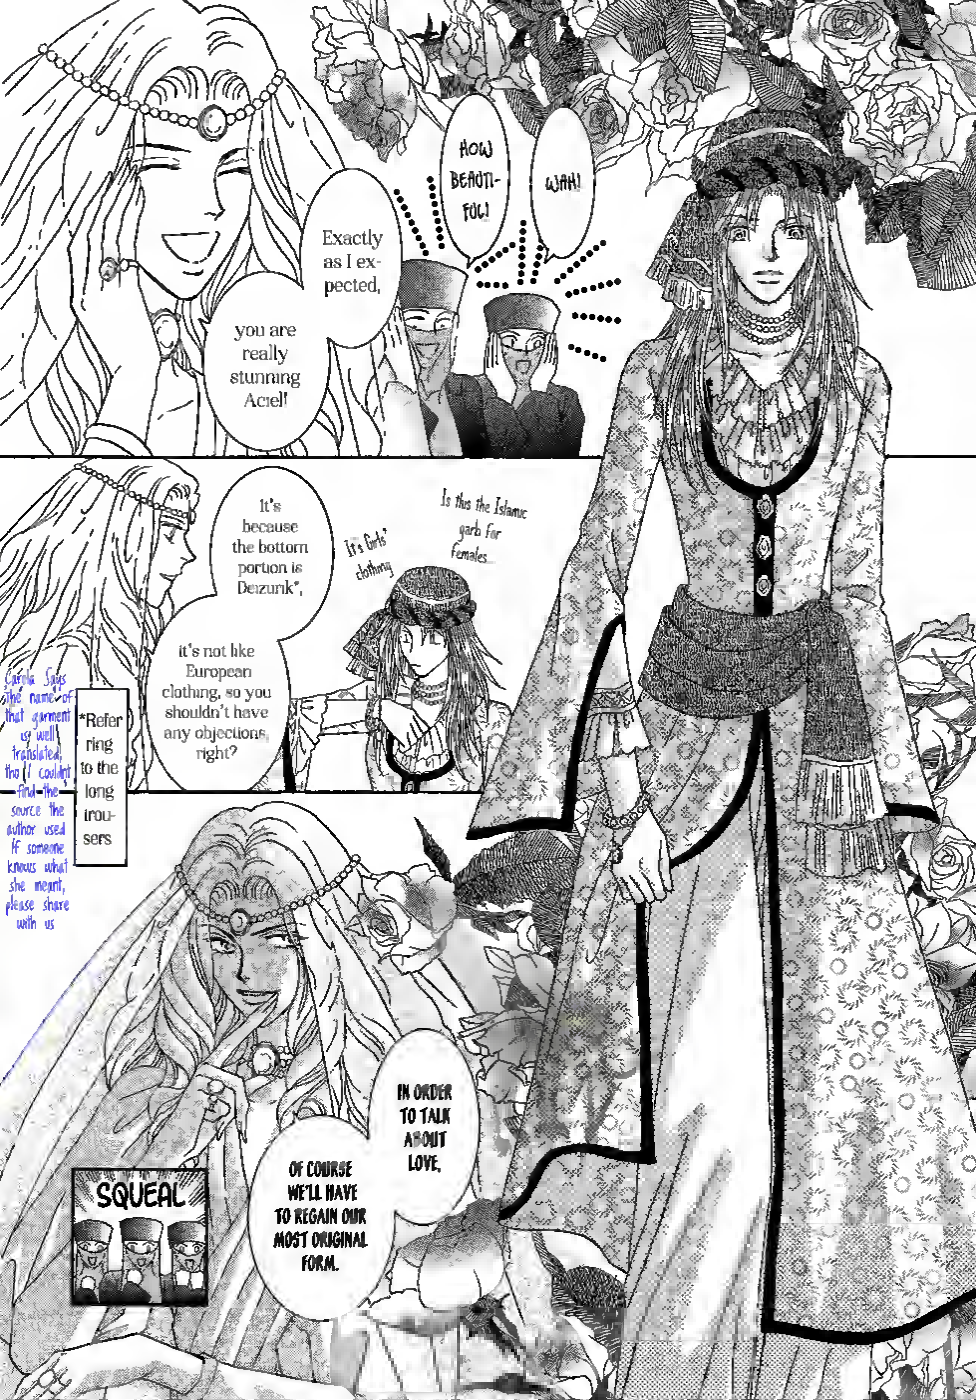








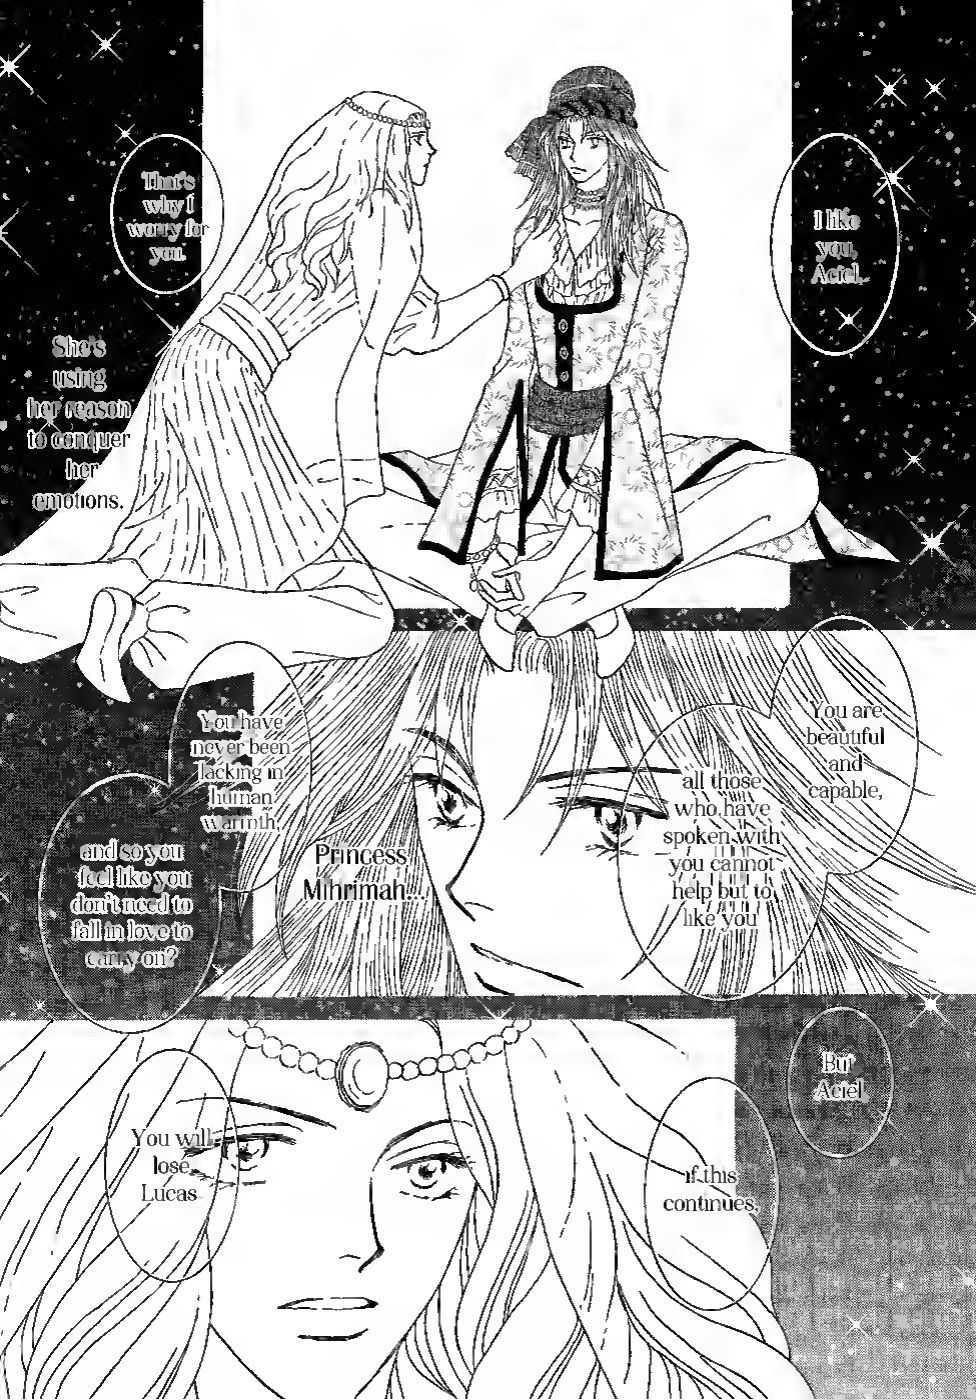
Team Zica Credits: ***Ren*** cleaned. Thank you :)



Exactly as I expected,
you are really stunning Actel!
HOW BEAUTIFUL!
WAH!
It's because the bottom portion is Denzunk*,
it's not like European clothing, so you shouldn't have any objections, right?
It's Girls' clothing
Is this the Islamic garb for females...
*Referring to the long trousers
Carla Says the name of that garment is well translated, tho I couldn't find the source the author used If someone knows what she meant, please share with us
IN ORDER TO TALK ABOUT LOVE,
OF COURSE WE'LL HAVE TO REGAIN OUR MOST ORIGINAL FORM.
SQUEAL

To defeat armed soldiers and to come out unscathed,
and to always keep an eye on you.
I wish to speak with Aciel alone
Leave us!
We would also like to listen
All about your love!
Absolutely a big no
Princess Mihrimah, I
Have a seat!
I know
You are a knight,
Further more,
I also know about that brave knight Lucas being deeply in love with you
If anything had happened to you, he would have selflessly saved you.
Not as a simple companion, but as one who deeply loves you

What about you,
Aciel?
The devotion he has towards you,
do you not feel anything in return?
I am
a knight.
You are a knight,
and are also a human
And are also a woman
has clearly not realised it...
This foreign girl,
That's right!



That's why I worry for you.
I like you, Aciel.
She's using her reason to conquer her emotions.
You have never been lacking in human warmth,
and so you feel like you don't need to fall in love to earn you?
Princess Mihrimah...
all those who have spoken with you cannot help but to like you
You are beautiful and capable,
But Aciel
You will lose, Lucas
if this continues,

After falling in love with you, he has been thrust into much pain,
because he cannot make you his.
You are well aware of Lucas' feelings towards you, yet you don't wish to become his woman.
But Lucas will never lose his devotion towards you, right?
As long as the sun rises each day, he will live his life in suffering.
So

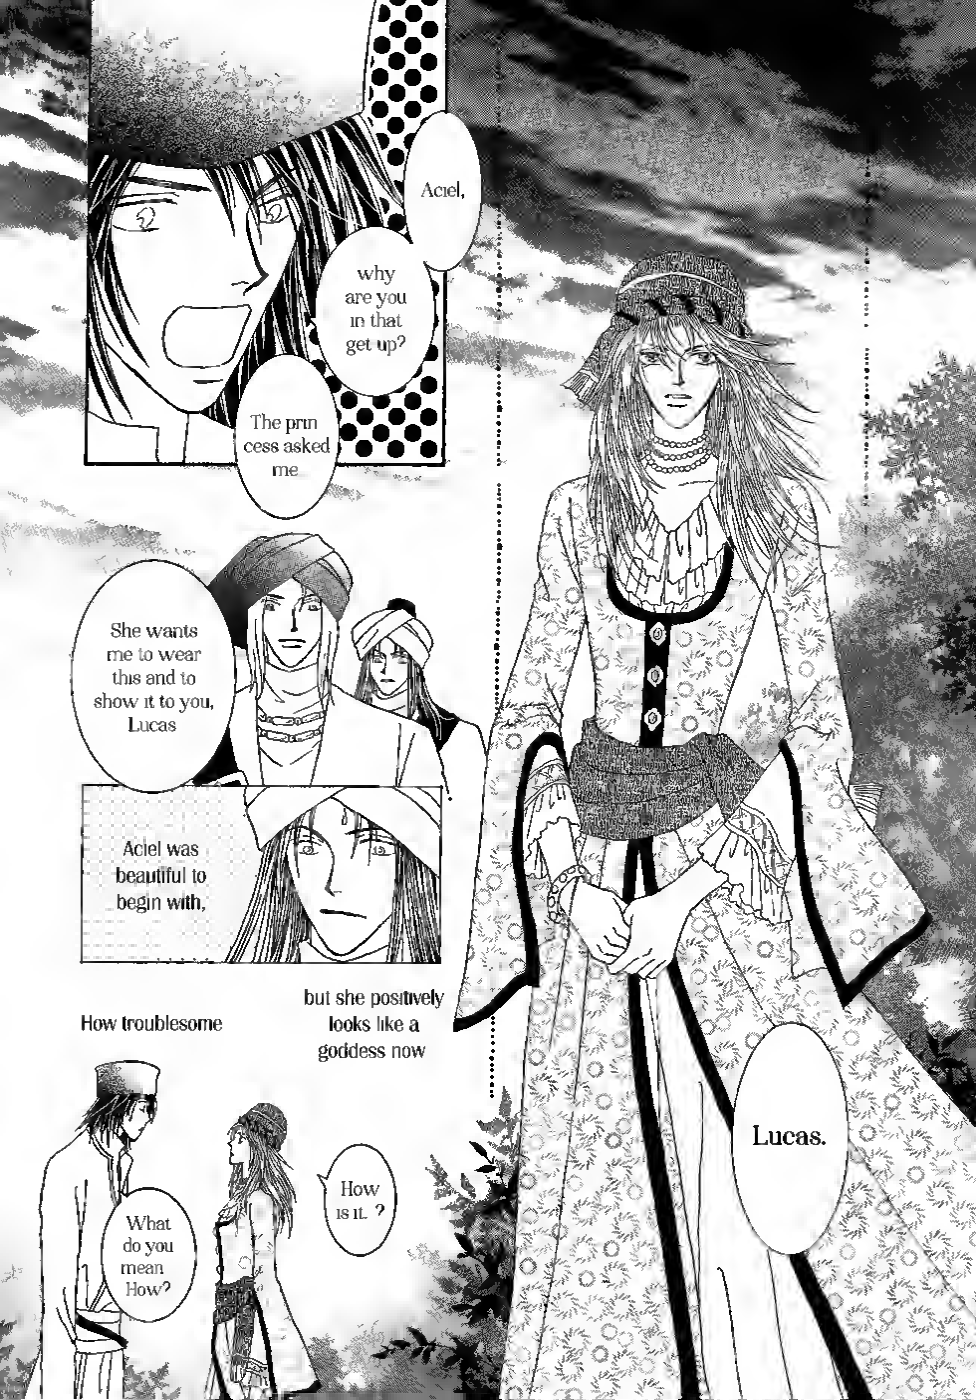
Actually you have already...

fallen in love with Lucas.

Aciel
You are my enemy, why am I telling you these things?
It's because I really like you,
Who would leave their beloved with the wolves?
I hope you live a life without regrets
To protect the princess in Turkey is my mission
Why don't you just return home?
Women take forever to talk...
You can also go with Vizir Sokullu to sightsee
Even though you are Aciel's enemy,
you are also in love with Aciel, am I right?

Turkey's naval admiral Dragut,
has fallen in love with Malta's female knight.
If this were to get out,
:
You like Aciel far more than you know.
I get the same vibe from you,
even if you have not realised it yourself.
It would be quite trouble-some, wouldn't it?
RUSTLE

Team Zica Credits: ***Rbliss*** typesetted. Thank you very much!



Aciel,
why are you in that get up?
The princess asked me
She wants me to wear this and to show it to you, Lucas
Aciel was beautiful to begin with,
but she positively looks like a goddess now
How troublesome
Lucas.
What do you mean How?
How is it. ?

With one as beautiful as you,
such a sight is healing to my eyes
But, don't force it
This only remaining happiness
is to die for you, as a knight.

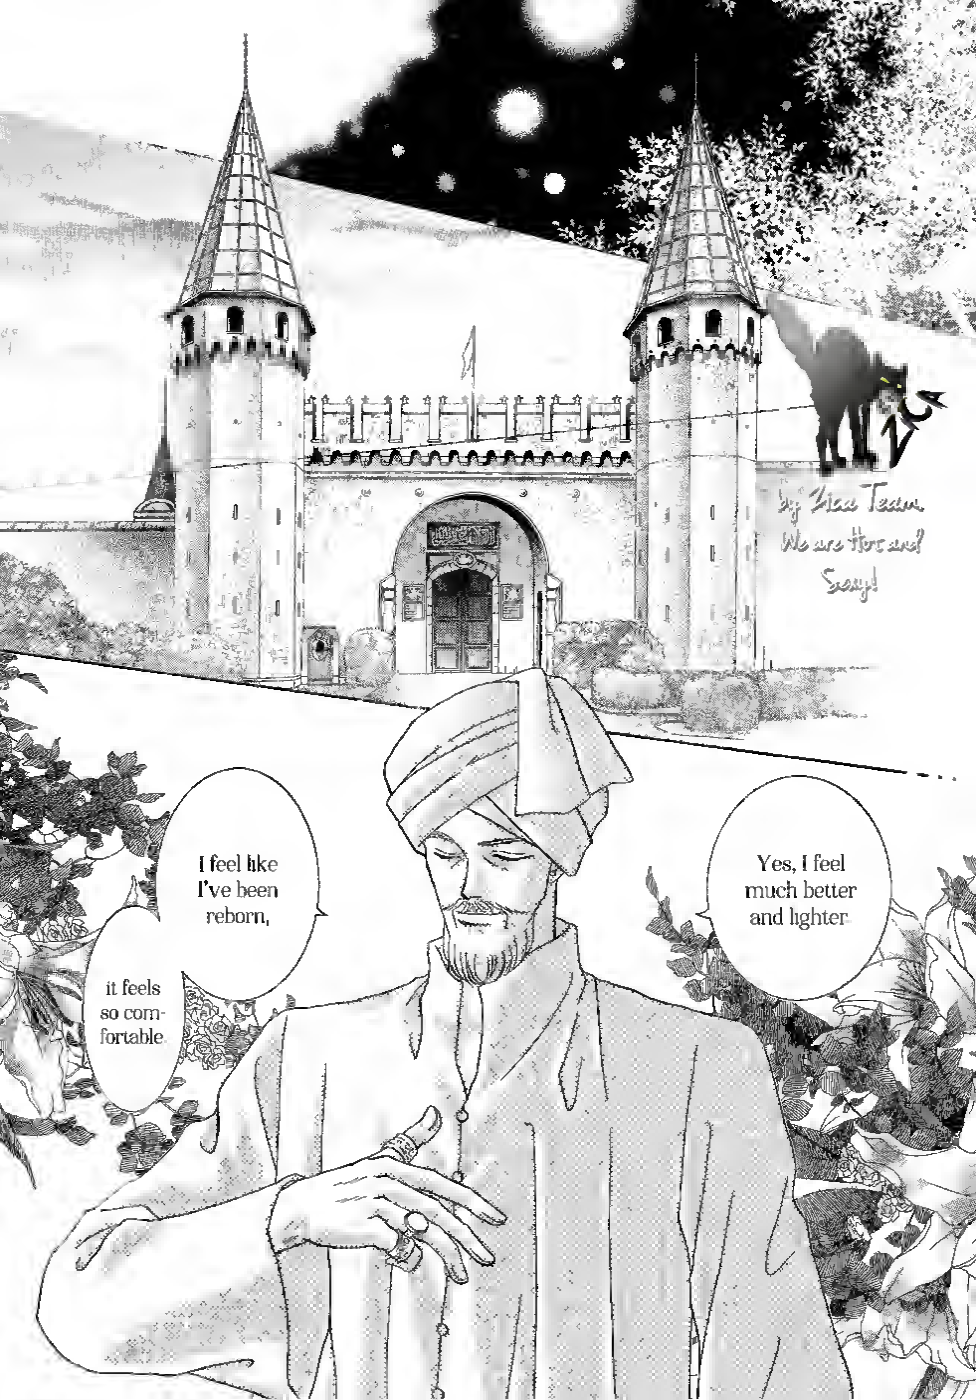
Aciel...
I ban you,
from ever dying before me.
You cannot do this,
Lucas.
You are not allowed to!
Definitely not allowed to!

TIGHTER!
What is going on? What did she talk with Princess Mihrimah about?
Aciel,
To hold the woman I love so tightly.
Don't worry about such impossible things
How could I leave you behind?
This feeling...
must be what they call jealousy!

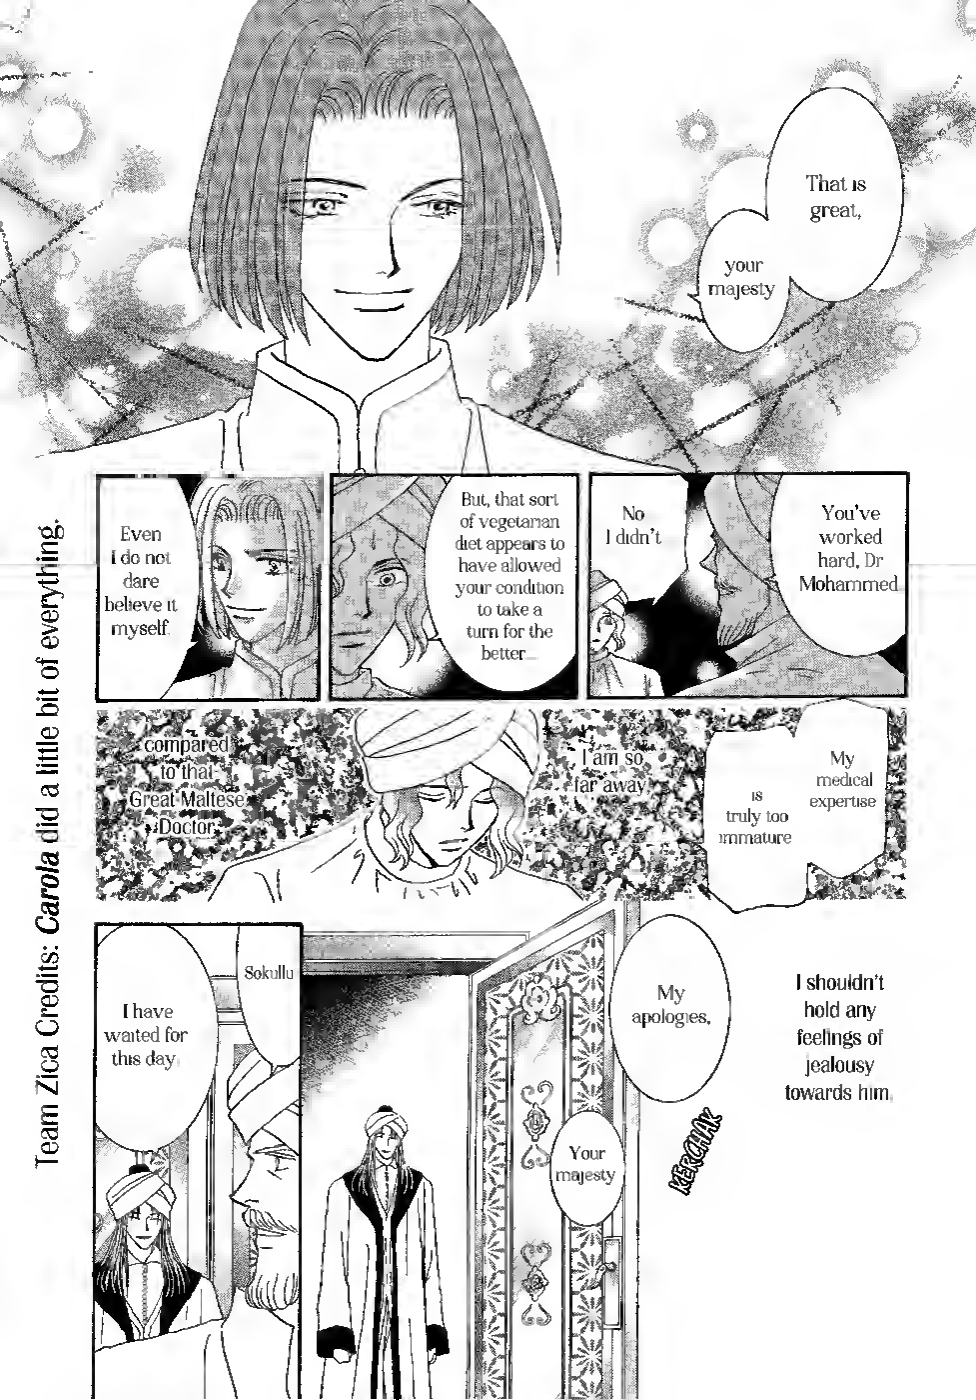
Team Zica Credits: *Zilvere* scanned and checked the quality. Gracias ^^

Please allow me to duel with Lucas
Vizir Sokullu,
I have something to ask you
I can not taint My Majesty's honour
He proposed it,
I wish to begin the duel then
when Aciel meets his majesty,
Nine days later,
are you going to kill her?
And after, when you do duel with Aciel,
It is not just Aciel's father,
but also her lover who you wish to steal away?

Faced with a person whom I can't kill,
can I still be termed as the Angel of Death?
You...
Are you going to kill Aciel?
I...
am I going to kill Aciel?
I think I might not necessarily kill her?
Ha ha...
I am asking you this seriously, Dragut



by Yiza Team.
We are Hot and Sexy!
I feel like I've been reborn,
it feels so comfortable
Yes, I feel much better and lighter



That is great, your majesty
Even I do not dare believe it myself.
But, that sort of vegetarian diet appears to have allowed your condition to take a turn for the better...
No I didn't
You've worked hard, Dr Mohammed
My medical expertise is truly too immature
I am so far away compared to that Great Maltese Doctor
I shouldn't hold any feelings of jealousy towards him.
My apologies, Your majesty
MEANWHILE
Sokullu
I have waited for this day.

Team Zica Credits: ***Carola*** did a little bit of everything.

Aciel
Do you know how much I've missed you these past three years?
In order to escort me, she entered deep into the enemy's territory
the members of the 9th branch,
Hercules,
and not long now,
the Grand Master,
Cagliari,
not long now,
I can see all those whom I miss dearly
RATTLE
RATTLE
RATTLE
We will be arriving at the palace shortly
Not long now!
In an hour's time,
Aciel will come to pay her respects.

Must Lucas and I operate separately...
Is that fine?
Lucas and I will wait for you in the sitting room over there
Aciel will be the only one to pay her respects to his majesty today
Oh well! It's only for 30 minutes
I understand
OPEN!
Welcome Aciel, come this way
His majesty was very ill and has only just recovered from it so you will have only about 30 minutes with him
The actual release of the hostage will be done and discussed tomorrow.
Vizir Sokullu,
I will bring you to pay your respects, please follow me
Let's go, Aciel

I will be going nowhere.
Why his words sound so untrusty?
I will stay here,
waiting for you, Aciel!
I'll wait!
I don't understand it myself

Don't under-estimate me,
I will duel you to the death.
SLAM
There is still time for you to stop,
This way you won't have to die and leave your Lady Princess

His majesty will be out to meet you presently,
please wait here for a moment
What an opulent room.
Turkey is truly wealthy
When I pay my respects to his majesty, will there be anyone else around? This country...
I
Furthermore, it's a face to face meeting with the enemy country's knight,
Perhaps I was careless?
Vizir, where are you going?
Then I shall first.
I have some business. I'll be back in a bit.
SLAM
ALL ALONE....

Isn't that the way to the palace?
The streets are full of people heading in one direction.
What is that?
Ah?
Let's go take a look as well!
Should be!
Is there something happening at the palace?
If all goes well,
we might be able to infiltrate the palace just like that
Lucas!
MUMBLE
MUMBLE
MUMBLE
MUMBLE

No one can defeat the Captain
I'm not here to be polite, stop this immediately!
Vice Captain Daud
Long time no see!
That's insane!
He's going to die on the first strike!
With Lord Dragut?
and the Maltese knight.
The Turkish Navy's Main Admiral,
Who is dueling whom here?
what will Aciel do?
If you die,
to duel under the watchful eye of the Vizir
Opening up the palace's front gardens,
A duel between Turkey's number one admiral and the knight from Malta, this is definitely a must see.
There's a lot of people here.

Dragut Reis.
The demon who turned Gozo Island into hell,
If I die,
Will I die today, by this man's hand?
Without any doubt,
will both parties come here
The time has come,
he is the strongest man on earth...
Aciel, she...

Please fight cleanly with honour and dignity as swordsmen.

Even if
I end up sacrificing this life of mine,
Aciel,
I will make sure that you get to live,
You are my only hope.
Is that man... smiling?
...

!!
Lucas!

bring the God of Death with me to the grave!
Lucas from Syria,
Goodbye.
Begin!
SFX: CLANG!

Malta Island Night Guard's Diary (8)
It was the night before Aciel and Lucas were to leave for Turkey.
We're leaving tomorrow
Return to your own rooms to sleep!
Is this the effect of the wine?
I'm so sleepy
Yeah
Aciel
!!
I'll sleep here tonight
Okay
Returning to my room is too trouble-some
Why would I think of such things at a time like this?
Oh no!
If you don't guard yourself in front of men be prepared to be eaten up!
Ah
Ah?

You,
have done many cruel things to Lucas!
Because it's only when you've lost the things precious to you,
is when you realise how much you appreciated it.
That's to say..
So sleepy
Lucas will one day find me bothersome
and start to hate me?
But this sort of situation, has already become so common.
THAT'S WHY IT'S SO DANGEROUS!
TRAINER

If Lucas were to hate me,
that would be so sad!
PAT!
Aciel?
do you want to use that pillow?
I've already prepared the bed for you,
!!
She actually fell asleep sitting up almost like a child
This sort of ability to sleep anywhere,
is that the secret to the stamina of the youth?

She doesn't even wake when I touch her...
It would be terrible if I were the enemy
SPREADS
But, I suppose if an enemy were to be nearby, she would already be up...
How does one develop such a strange psyche?
zzz
zzz
Goodnight, Aciel.
The biggest obstacle in the way of these two lovers, is Lucas' obsessive interest in medical knowledge.
